STAINLESS STEEL FASTENERS

Unlike other plated fasteners, stainless steel fasteners do not have a coating that can chip or flake off, potentially contaminating your production operations. In combination with their excellent corrosion resistance, stainless steel fasteners are the fasteners of choice in the food production industry!

METAL-DETECTABLE PRODUCTS

WURTH INDUSTRY OF CANADA

Würth Industry of Canada is located in Brantford, ON and is the newest addition to the Würth Industry of North America (WINA) companies.

Würth Industry North America (WINA) is a division of the Würth Group, the world's largest fastener distribution company. WINA is a strategically aligned collective of companies consisting of more than 110 locations across North America. Through the pairing of more than 1,000,000 parts with a myriad of services, WINA provides custom solutions for almost every industry. Würth products and services include engineering assistance, quality control, inventory management, vending, safety supplies, kitting and assembly, structural fasteners and MRO/industrial supplies. In addition, WINA systems ensure security and quality control through superior supply chain management.

You can find more information about all of our services and more on our web-page: **www.wurthindustry.ca**
