

GARBAGE BAG SALE!

Green Line Industrial Garbage Bags / Can Liners feature a number of benefits that employ environmentally beneficial properties and include high percentages of recycled polyethylene ingredients.

Green Line Bags are made with premium recycled LLDPE allowing for the bags to have superior strength qualities. This also allows us to use less material while providing superior performance than competitors thicker but weaker bags. All Green Line Industrial Bags are UL/EcoLogo Certified.

Features:

- Superior Puncture resistance
- Superior resistance to tearing
- A reduced carbon footprint (in both the manufacture and transportation of the bags)
- A huge reduction in the amount of plastic being sent to landfills
- Reduced transportation costs
- Reduced and compact packaging
- UL EcoLogo certified liners for recycled material content
- 100% recyclable bags
